Mr. William Holden

Dear Mr. Holden:

This will acknowledge receipt of your telegram of September 18, addressed to the Chairman, with respect to the interest of Fort Worth in the establishment of direct airline service through New Orleans to Havana and Puerto Rico.

Applications proposing such service are included in the Latin American case which is now pending before the Board for decision. You may be sure that in reaching its decision in this case the Board will give careful consideration to all the evidence of record bearing upon the need for the establishment of such a route.

Very truly yours,

/s/ Francis W. Brown
Chief Examiner
