

Lampasas, Texas
April 15, 1948

Dear Mr. Carter,

Words can't express how happy I was last evening when I received the good news, and, I know, you were just as thrilled. When I heard over the news broadcast that you had word from Amon Jr., I was hoping that I might have some word also. It means so much just to know that they are alright.

I called Marie Burney and told her about Amon Jr., the Jones boy, and Chester. She was happy to hear about it too. Marie had a letter from Buddy when she arrived home Monday morning. She said it contained no news but Buddy was fine.

Mr. Carter, again I wish to thank - you for seeing Marie

Burney and me last Saturday.
We enjoyed the visit very much,
and it made us understand
the situation more clearly
after having talked to you.
I also thank you for calling
me last night, and if you
find out anything else, please
let me know, and, I assure
you, I will do the same.

Sincerely,

Margaret Hansen
