Dear Mr. Carter:

It was with deep regret that Margaret and I read the news of Damon Junior's probable capture by the Enemy. Although we don't know him personally except through you, we nevertheless feel some measure of the pride you must have in him and what he is doing for all of us.

All we can say is that we both fervently hope and pray with you that good news will be forthcoming.

Most Sincerely,

Margaret and Hugh S. Smith Jr.
