Dear Mr. Carter:

I noticed in today's Commercial Appeal that you had heard officially that your son who has been missing in action in Africa since February 14 is a prisoner of war in Germany.

was  
I have a nephew, James Q. Dickerson, who reported missing the same date. We have written the Red Cross and also the Commanding Officer of his company in Africa but so far have received no information.

Would you please advise me as to how you received this information? I am sure you realize how anxious his family is to hear from him.

Yours sincerely,

*O. E. McClure*
