Dear Amon:

Bert and I were, of course, terribly distressed to receive the news that Amon, Jr., is reported missing in Tunisia. We quite understand your mental anguish these days, and we just want you to know that we are thinking of you and hoping that the later news that you receive will prove that Amon is all right.

We will continue to be anxious for news of him, so when you do hear anything further, won't you please let us hear from you. Bert is writing you, but in the meantime we both send loads of love.

Sincerely,

C.H.H./fp

P.S. - In case you have not already seen it, there is a picture in the March 29th issue of Newsweek showing some American prisoners captured by the Germans in Tunisia, and Bert and I thought that one of the boys in the front row looked exactly like the newspaper clipping we received from you of Amon, Jr. It may be just our imagination, but in case you haven't seen the picture, you might take a look at it, and you, of course, would be able to identify Amon more readily than we would.
