Mr. Amon G. Carter
Star Telegram
Fort Worth, Texas

Dear Mr. Carter:

It was very good of you to send me a copy of the telegram you sent on December 24 to President Truman about the President's proposal to set up fact finding committees and particularly about his desire to have the General Motors submit their books in connection with the pending wage negotiation.

I am glad that you gave me an opportunity to read this telegram which gives about a clear explanation of the position of management in the present situation as I have read for many a long day.

Naturally I will give no publicity to this statement, as you request, but I hope you will let me know any reaction that you may get from this telegram because I am very much interested.

Sincerely yours,

Cranston Williams
