

August 31, 1953.

Mrs. Dwight G. Axtell  
2334 North 29th Street  
Phoenix, Arizona

Dear Mrs. Axtell:

Your letter seeking information that Mr. Carter might be able to give you in connection with a book you are writing on Will Rogers has been received during Mr. Carter's absence from the city. In fact, he is on a cruise and is not expected for another couple of weeks.

Mr. Carter has been out of the office for seven months as the result of a heart attack and we are not certain whether he will start coming to the office after his return or not. Under the circumstances he would not be in position to give you the information you desire, or at least any time soon. Therefore, do you wish the material and letter to be held pending his return or not.

Yours very truly,

Secretary to A. G. Carter
