No. 1

NOTICE

The tentative Summer Term enrollment to date (6/10/48) including day and evening students is 2000.

S. W. Hutton, Registrar

HEADS OF DEPARTMENTS

In order to give the students the service to which they are entitled, I suggest that at least one teacher of each department be on the campus until 12 o'clock at the earliest. Please post your office hours on the outside door or bulletin board.

Very truly yours,
Jerome Moore, Dean
AddRan College of Arts and Sciences

NOTICE TO FACULTY

Another registration with all the accompanying problems has passed into TCU history. A word of sincere appreciation is offered to all who in any way assisted in this undertaking.

"What we do, we do together" is our suggested registration slogan. The Business Office is pleased with the united effort in the Library.

Advanced registration has proved effective in adequate counseling and in speeding up the registration of returning students who were in attendance this last spring. These returning students who did not pre-register and did not let us know they were returning for the summer faced an inevitable slow-down.

The registration of new students proceeded as planned except for slow-down problems attending an avalanch of last minute applications, delayed health records, missing transcripts and other items of this sort.

You have helped battle these through to completion and we are grateful.

S. W. Hutton, Registrar

TO THE FACULTY

We have asked Miss Kitty Wingo to be responsible for arranging one or two recreational events for the faculty and students each week during the first Summer Term. Some of these will be for faculty and students together and others for students only. Any suggestions you have should be given to Miss Wingo. You should receive notices as to the nature and time of each event.

The first will be Tuesday, June 15, at Waits Hall for faculty and students together. The "get-together" will be informal and will begin at 8 p.m.
