Mr. Carter:

Here is a very hurriedly prepared suggested list for invitations to be sent on the November 4 occasion.

Mrs. Biggs has 92 on her list and attached are the originals and only lists I have of suggested names for you. I have ordered 400 invitations. Please check, indicated whether Mr. and/or Mrs. and shoot back to me to have the envelopes addressed by hand. Of course, all addresses will be checked on the final list.

On second thought I am also sending a rather complete additional list on which you may find or think of others to add or take from. Thanks.
