

June 25, 1947.

The vanBergen Carillon Company,
1204 Walnut Street,
Philadelphia 7, Pa.

Attention: Mr. Donald Beggs.

Gentlemen:

Your telephone inquiry was brought to Mr. Carter's attention and he asked that I drop you a note to advise that he is still interested in a Carillon to be placed in the Will Rogers Memorial Tower; however, he has been so snowed under with other projects that he has not had an opportunity to give any thought to this matter.

He asked me to tell you that if you would get a set of the blue prints from the office of Mr. Wyatt C. Hedrick, First National Bank Building, Fort Worth, Texas, and will advise whether or not the Carillon can be placed in the tower, what it would cost, who would operate and how much it would cost to maintain and have it operated or the bells played.

When this information is received, he will then be able to determine the feasibility of going ahead with the project.

Yours very truly,

Secy. to A. G. Carter.
