Mr. Amon G. Carter,
Fort Worth Star-Telegram,
Fort Worth, Texas.

Dear Mr. Carter:

The Tarrant County Medical Society wishes you to know that it is entirely in sympathy with the spirit and activities of yourself and other members of the National Will Rogers Memorial Committee. Our Society does not participate in the usual civic enterprises since we are strictly a scientific organization. However, we feel that this plan to commemorate our late good friend, Will Rogers, is most commendable and the idea of creating a living memorial to him is one which our organization and other organizations should support.

We are inclosing our check for \$100.00 to this fund. We hope that the general response from Fort Worth and the state will come up to your expectations.

Very sincerely yours,

Craig Munter
