Mr. C. D. Albrecht, Manager
Memphis Municipal Airport
Memphis, Tennessee

Dear Drennan:

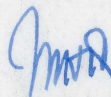

I enjoyed being with you last week in Miami, and appreciate very much you and the other members of the Committee permitting me to sit in on all your meetings. They were very informative and I know that I came away better qualified to meet the problems of our Airport.

You told me you would send me all your information regarding concessionaire charges, airline charges, airport regulation ordinances, organization chart and any other information which you feel would be beneficial to us in the operation of our new Airport. I would appreciate receiving it at your convenience.

I am sorry that you don't know much about fishing, but maybe we can get together again sometime and I will be very happy to give you some lessons.

With best regards, I am,

Very truly yours,

M. H. HUFFMAN
