

FACULTY BULLETIN - SPECIAL SUMMER SCHOOL ISSUE

June 28, 1937

Monday, July 5th, is to be a holiday according to action of the Administration. Classes needing this time to complete their work without being cramped for time may continue through the day if teacher and class so agree.

Examination Schedule - First Term - July 9, 10

All 7:30 classes	-	-	-	7:30	Fri. 9th
" 8:50	"	-	-	10:10	Fri. 9th
" 10:10	"	-	-	7:30	Sat. 10th
" 11:30	"	-	-	10:10	Sat. 10th

Note: Examinations for classes in science will be given Saturday, 10th.

Grades are due in the Registrar's office not later than Saturday morning, July 17th. Earlier return will be appreciated. Please post grades for information of your students.

Second Term Classes begin Monday, July 12. Please make sure that you have a white card for each student not later than the 14th.

Evening College Announcement. All students who plan to register for Fall Evening College courses should do so very soon. This will avoid delay at the opening of the classes and will help to assure classes. A Preliminary Bulletin is available in the office.

Registration figures thus far are quite encouraging.

The Summer School registrations total 325 to date. A few others will be added at the beginning of the second term. A net increase of 10% over last year is anticipated. Our final figure last year was 301.

Already 281 have registered for the long session of 1937-38. This too is encouraging, a slight gain over one year ago.

A new bulletin "Introducing T.C.U." has just been published. It is certainly attractive. Call by the office for a copy. You will like it. ✓
