

Sunday night - Mar. 24.

My Dear Son.

The time for
winter has come again. The
days are swiftly passing
now, and the home coming
will soon be here. Oh, how
glad we will all be. I
don't think I ever saw so
late a spring in Texas.
March is almost gone and
the fruit-trees not in bloom
and it is so very dry that
nothing can come up. This
has been an exceedingly
warm day. These early
warm days as much as
in July and August. I just
commenced today putting
the mill in the trough.
Sister Papa and Eunice

took dinner from home
today - papa came home to the
Grandwood this evening but
walked back to Grandbury
to preach to night I did hate
for him to walk he is not
at all well - is taking a cold
and that makes anyone
feel so bad. We all have
been sick with colds this
week except - Sister, Carlie
and Bebie got their
coming from the enter-
tainment at Grandbury
the other night - Roy's cough
is getting some better.
We have commenced
a new treatment with
Yemenie. I do hope it
will help her it is the
Electrolysis - I know you

have seen it - ordered a trial
it is highly recommended
for Psoriasis. The instrument
ment will cost us twenty
dollars. \$50 now and \$40
in two months but we
feel that we must try
it if there is any chance
to benefit her. Just com-
menced last night - I
expect we will have to
use it on her some time
before we can tell that
it is helping her.

I fear the school will
be small from this on
a good many are going
home. and I don't expect
any new ones will come
in. I am trying to write
and send to Gemmie, so
I am making a poor out
writing. Gemmie is
writing to Blanche

we want her to come
Commencement - we enjoyed
her stay with us last -
and will be glad to have
her back. I guess papa told
you the arrangement that
she go out - and you come
in school next - year will
sist - Mrs. Parks, and
Cap. Scott. I will have
Sister to tell you about -
the entertainment and -
about the Wallows electing
the one to whom they will
give the Middle. I will
stop now - it is so late
the children have gone
to bed, and Sister and
Carlie have not come
home yet. Much love
Mamma.
